Hi everyone I purchased a 1977 Chris Craft and the boat had no manuals or information of any sort. I'm trying to locate manuals and wiring schematics for her so here is what I have. Yr./Make/Color: 1977/CCH03 Vessel Length 033 Type VS Hull Number: CCHMM195M77J Would sure appreciate any help. Thanks Jerry R

Old manuals and schematics - Chris Craft Commander Club

Granted, Chris Craft seemed to generally use much heavier wire than the minimum required for each circuit, so maybe the wire sizes you've got are adequate. I don't see any evidence of overheating wires, so that's a good sign.

The original engines had around 1700 hours on them and a decision was made to repower with Crusader 6.0 liter engines. The original engines were Chevy 350s marinized by Chris Craft Marine Power and were known as 350Q and 350QL. Original horsepower was 235 and the new engines are 375. The repower got rather involved as the original engines sit...

Chris-Craft 302 Crown. by David Pascoe. ... As near as we can tell, this is a factory installation. Add to this the fact that the A/C condensation drain wasn't draining and the A/C wiring was being submerged in the deep drip pan. You could say that the owner should have cleaned this out, but the problem is that it is nearly impossible to reach.
