As McGrath postulates in the end, perhaps Dawkins' rabid atheist fundamentalism signifies that he is losing his grip on his atheist worldview that can not dare to be challenged or exposed for its naivete and for being out of touch with reality.

**The Dawkins Delusion? - InterVarsity Press
Other than this sometimes uncharitable tone, I
found The Dawkins Delusion? to be well
reasoned and worthy of reading by theists and
atheists alike. Alister McGrath, a fellow Oxford
professor with Richard Dawkins, is joined by his
wife, Johanna Collicut McGrath, in the writing of
this, their answer to Dawkins' The God
Delusion.**

atheist fundamentalism."

The Dawkins Delusion? - InterVarsity Press
The God Delusion by world-renowned scientist
and atheist Richard Dawkins received wide
coverage, fueled much passionate debate and
caused not a little confusion. Once an atheist
himself, Alister McGrath wonders how two
people, who have reflected at length on
substantially the same world, could possibly
have come to such different conclusions about
God.

The main argument of **The God Delusion**,
however, is that religion leads to violence and
oppression. Dawkins treats this as defining
characteristic of religion, airbrushing out of his
somewhat skimpy account of the roots of
violence any suggestion that it might be the
result of political fanaticism -- or even atheism.
